RE: Letter of Transmittal
RI/FS Documents
ACS NPL/CERCLA Site
Griffith, Indiana

Dear Mr. Colby:

Warzyn Engineering Inc. has recently completed Phase I of the Remedial Investigation/Feasibility Study at the American Chemical Services NPL Site, south of Griffith, Indiana.

Mr. Art Gasior of the U.S. Environmental Protection Agency has asked us to send copies of the following documents to you for inclusion in the ACS Project Repository.

Technical Memorandum - Waste Characterization
Technical Memorandum - Soil/Sediment Characterization
Technical Memorandum - Groundwater/Surface Water Characterization

QAPP Addendum, Phase II Remedial Investigation

Please call me at (708) 691-5058 if you have any questions.

Sincerely,

WARZYN ENGINEERING INC.

Peter J. Vagt, Ph.D.
Project Manager

Enclosures: Technical Memoranda (3 volumes)
QAPP Addendum (1 volume)

Mersil Colby, Public Works Director
Griffith Town Hall
111 North Broad Street
Griffith, IN 46319

Dear Mr. Colby:

Under separate cover you will receive copies of technical documents, Copies of Phase II, QAPP and supplemental Work Plans for the American Chemical Services Repository. These will be provided to you by our contractor the Warzyn Engineering Inc.

We are also enclosing a copy of a letter to Peter Vagt, Project Coordinator, together with a copy of Phase II work Plan Addendum Comments. This too should be placed in the American Chemical repository.

Thank you for your cooperation.

Sincerely,

Art Gasior
Community Relations Coordinator
